“The function of education is to teach one to think intensively and to think critically. Intelligence plus character – that is the goal of true education.”

ABOUT US

Jammu Sanskriti School aims to be a centre for social-renaissance to create a healthy and harmonious society. The School is promoting Collaborative, Multidisciplinary approach towards Academic, Social and Emotional learning. Being kind not only to friends but also to relations and strangers gives us positive energy, builds self-confidence and sense of well being by training our students to be an effective work force to support economic growth and community development.

Enshrining the ethereal truth that knowledge without devotion is a mere tensor in this global era, is the Jammu Sanskriti School in the city of temples in J&K (India). This situated in an ideal setting-green and serene environment for developing minds. School is a benchmark learning institution, affiliated to Central Board of Secondary Education, New Delhi, Inaugurated in April 2013. Jammu Sanskriti School offers education from kindergarten to Class 12th. Nestled in the pristine surroundings, this school is a real amalgamation of cultural richness of India and the modern scientific temperament to nurture young minds and propel them forward in facing the challenges of life.

Jammu Sanskriti School is founded by **Mr Harpreet Singh**, Chairperson under the Taran Educational Trust. JSS JAMMU is an outcome of **Vision and Mission** of **Ms Rohini Aima**, Principal Cum Vice- Chairperson who ideated and patronized the entire notion.

The school has a conducive learning environment and ample opportunities for its students to identify and fulfill academic, cultural and social quests through multiple paths of learning. Our students are confident and well rounded due to regular inclusion of theatre and speaking activities along with music performing arts indigenous dance, games and sports. It is a place where there is a Happy blend of modern technology and traditional values, preparing the next generation to thrive and compete in the new digital and hybrid age. The school has established itself as an institution of illustrious repute with its students attaining newer heights with each passing day!!

Infrastructure & Facilities

The school is well equipped with latest interactive boards, well managed science, computer, Fashion studies labs with the help of state of art physical and technological infrastructure through which the school tries to nurture scientific temper by encouraging students to stimulate the latest potential and find innovative solutions to imminent challenges.

The School has a fully air-conditioned Kindergarten where young minds are nurtured with freedom, so that they learn and do what they naturally want to do. Our campus is a home for a number of facilities that provides every student the opportunities to discover their talent/interest under the guidance of experienced coaches/guides.

- We understand the children's need and the importance of having a serene, loving and caring environment.
- Very best in health care under the supervision of professional doctors.
- Treat security of students with great importance.
- Visits by V.I.P's and dignitaries inspire the students to perform themselves and strive for excellence.

Academics & Curriculum

Today, in a World where society is increasingly fragmented and polarized, the school remains a community where honesty and integrity matter, humour and hard work are equally important values and where the process of education is as important as the grades. The school implements the National Education Policy 2000 which envisions an education system rooted in Indian ethos that contributes directly to transforming India, that is Bharat, sustainably into an equitable and vibrant knowledge society, by providing high-quality education to all, and thereby making India a global knowledge superpower. The vision of the School to implement this Policy is to instill among the learners a deep-rooted pride in being Indian, not only in thought, but also in spirit, intellect and deeds, as well as to develop knowledge, skills, values, and dispositions that support responsible commitment to human rights, sustainable development and living, and global well-being, thereby reflecting a truly global citizen.

Research and concept based flexible curriculum encourages students to take the initiative and ownership of their learning through inquiry and reflecting on their learning.

Individualized attention, problem solving sessions, personalized academic support, remedial programs etc. cater to the requirements of each student in the class.

The team of self motivated teachers, powered with updated technology tools, well established setup and resources, drive learning at full steam, Quality before quantity; the fundamental approach differs from conventional systems as the school continually develops and evolves the methodology of teaching & learning by offering a variety of subject options; thus fostering a growth-centric learning with continuous cycles of examination, the students are always prepared for academic excellence.

In today's dynamic world, when every moment is evolved, the school tries to ensure ample opportunities for students to innovate and think critically and lead the learning process- "Students led learning".

"We nurture every student to become a responsible and productive citizen, who keeps God as the pivot and remain respectful to social diversity and open to life long learning.
